

CL 6300 MP BIODEGRADABLE CLEANER

PRODUCT DESCRIPTION

CL 6300 MP Biodegradable Cleaner is general purpose degreaser and heavy duty cleaner is a concentrated synergistic combination of emulsifiers, penetrants, citrus solvents, wetting agents and water conditioners to quickly dissolve grease, dirt, carbon, oils, fats, foodstuffs and road soil. Suspended materials can be rinsed free leaving no alkaline residue even in hard water. Deodorizes as it cleans, eliminating unpleasant lingering odors.

FEATURES

- Maximum Strength Water-Based Non-Butyl Degreaser
- Concentrated Industrial Cleaner/Degreaser
- Excellent For Pressure Washing, Steam Cleaning
- Nonflammable
- Non Offensive Odor
- Rust Inhibitor
- Biodegradable
- Dilutes up to 1:100 for Economical Cleaning
