

# **CL 7800 CIRCUIT BOARD CONTACT CLEANER**

---

## **PRODUCT DESCRIPTION**

**CL 7800 Circuit Board Contact Cleaner** is fast drying, non-conductive, formulation leaves no residue and is compatible with component plastics, rubber and metal. This next generation product contains no CFCs, HCFCs, or other ozone depleters.

**CL 7800 Circuit Board Contact Cleaner** spray easily to cleans oil, flux, dirt and other contaminants from contacts, printed circuit boards, switches, electric motors & electronic precision instruments.

**CL 7800 Circuit Board Contact Cleaner** is a high-purity solvent for cleaning critical metallic and non-metallic surfaces.

## **FEATURES**

- Non-conducting, non-staining, and non-corrosive
- Quick cleaning action leaves no residue
- Will not harm most plastic, paint or wire insulation
- Non-Flammable formula, may be applied while equipment is in use
- Removes Dirt, Flux, Oil, Grease and Other Contaminants from Precision Equipment
- CFC free

## **APPLICATION**

Magnetic and Video Tape Heads, Motors, Precision Instruments, Typewriters, Copiers, Printed Circuits, Computer Heads, Relays, Micro Contacts, Calculators, Cash Registers, Alarm Systems, and Telephone Switch Gears. Plants Using Electrical Equipment, Automatic Controls, Terminals and Plug-In Connectors, Telephone and Telex Equipment.
